

The interior landscape.

MERIKE LAINEVOOL THE ARTIST

She takes her cues from nature, always the master designer. Horizontal lines inspire a feeling of tranquility and harmony. Textures and composition play off tone-on-tone colour schemes in an elegant backdrop, a soothing tonic for every day life. She believes in warmth and balance, and a rich variety of décor possibilities for a unique, custom finish. It's a grand address, but she wants you to call it home.
